

**Табела 5.2.** Course specification

<b>Study program: Pharmaceutical Care</b>
<b>Course title: Development of a pharmaceutical care plan, interpretation of laboratory parameters and medicine information sources</b>
<b>Teacher(s):</b> Miljković R. Branislava, Vezmar Kovačević D. Sandra, Vučićević M. Katarina
<b>Course status:</b> mandatory
<b>ECTS points:</b> 3
<b>Requirements:</b> none
<b>Course aims</b> The acquisition of professional knowledge and skills for the development of pharmaceutical care plans, interpreting laboratory parameters of the patient and the use of sources of information about medicines.
<b>Course outcomes</b> Application of knowledge and skills for the development of pharmaceutical care plans, interpreting laboratory parameters of the patient and the use of sources of information about medicines.

<b>Study program: Pharmaceutical Care</b>
<b>Course title: Pharmaceutical care in the treatment of diseases of the central nervous system</b>
<b>Teacher(s):</b> Miljković R. Branislava, Vezmar Kovačević D. Sandra
<b>Course status:</b> mandatory
<b>ECTS points:</b> 9
<b>Requirements:</b> none
<b>Course aims</b> The acquisition of professional knowledge and skills to provide pharmaceutical care in the treatment of diseases of the central nervous system.
<b>Course outcomes</b> Application of knowledge and skills to provide pharmaceutical care in the treatment of diseases of the central nervous system.

<b>Study program: Pharmaceutical Care</b>
<b>Course title: Pharmaceutical care in the treatment of cardiovascular diseases</b>
<b>Teacher(s):</b> Miljković R. Branislava, Vezmar Kovačević D. Sandra
<b>Course status:</b> mandatory
<b>ECTS points:</b> 9
<b>Requirements:</b> none
<b>Course aims</b> The acquisition of professional knowledge and skills to provide pharmaceutical care in the treatment of cardiovascular diseases.
<b>Course outcomes</b> Application of knowledge and skills to provide pharmaceutical care in the treatment of cardiovascular diseases.

<b>Study program: Pharmaceutical Care</b>
<b>Course title: Pharmaceutical care in the treatment of respiratory, infectious and skin diseases</b>
<b>Teacher(s):</b> Miljković R. Branislava, Vezmar Kovačević D. Sandra, Vučićević M. Katarina

<b>Course status:</b> mandatory
<b>ECTS points:</b> 9
<b>Requirements:</b> none
<b>Course aims</b> The acquisition of professional knowledge and skills to provide pharmaceutical care in the treatment of respiratory, infectious and skin diseases.
<b>Course outcomes</b> Application of knowledge and skills to provide pharmaceutical care in the treatment of respiratory, infectious and skin diseases.

<b>Study program: Pharmaceutical Care</b>
<b>Course title: Pharmaceutical care in the treatment of endocrine diseases</b>
<b>Teacher(s):</b> Miljković R. Branislava, Vezmar Kovačević D. Sandra, Vučićević M. Katarina
<b>Course status:</b> mandatory
<b>ECTS points:</b> 6
<b>Requirements:</b> none
<b>Course aims</b> The acquisition of professional knowledge and skills to provide pharmaceutical care in the treatment of endocrine diseases.
<b>Course outcomes</b> Application of knowledge and skills to provide pharmaceutical care in the treatment of endocrine diseases.

<b>Study program: Pharmaceutical Care</b>
<b>Course title: Pharmaceutical care in the treatment of diseases of the gastrointestinal and musculoskeletal system</b>
<b>Teacher(s):</b> Miljković R. Branislava, Vezmar Kovačević D. Sandra, Vučićević M. Katarina
<b>Course status:</b> mandatory
<b>ECTS points:</b> 6
<b>Requirements:</b> none
<b>Course aims</b> The acquisition of professional knowledge and skills to provide pharmaceutical care in the treatment of diseases of the gastrointestinal and musculoskeletal system.
<b>Course outcomes</b> Application of knowledge and skills to provide pharmaceutical care in the treatment of diseases of the gastrointestinal and musculoskeletal system.

<b>Study program: Pharmaceutical Care</b>
<b>Course title: Pharmaceutical care in pediatric patients, pregnant women, nursing mothers, geriatric patients and patients with impaired renal and/or liver function</b>
<b>Teacher(s):</b> Miljković R. Branislava, Vezmar Kovačević D. Sandra, Vučićević M. Katarina
<b>Course status:</b> mandatory
<b>ECTS points:</b> 9
<b>Requirements:</b> none
<b>Course aims</b>

The acquisition of professional knowledge and skills in providing pharmaceutical care for the following patient populations: pediatric patients, pregnant women, nursing mothers, geriatric patients and patients with impaired renal and/or liver function.
<b>Course outcomes</b> The application of professional knowledge and skills in providing pharmaceutical care for the following patient populations: pediatric patients, pregnant women, nursing mothers, geriatric patients and patients with impaired renal and/or liver function.
<b>Study program: Pharmaceutical Care</b>
<b>Course title: Communication skills, adherence, interactions and adverse drug reactions; research in the field of pharmaceutical care</b>
<b>Teacher(s):</b> Miljković R. Branislava, Vezmar Kovačević D. Sandra, Vučićević M. Katarina
<b>Course status:</b> mandatory
<b>ECTS points:</b> 9
<b>Requirements:</b> none
<b>Course aims</b> The acquisition of professional knowledge and skills in communication, adherence, interactions, adverse effects of drugs and pharmaceutical care research.
<b>Course outcomes</b> Application of knowledge and skills in communication, adherence, interactions, adverse effects of drugs and pharmaceutical care research.
<b>Study program: Pharmaceutical Care</b>
<b>Course title: Pharmacoepidemiology and pharmacoeconomics; the critical assessment of the results of published studies; evaluation of quality in pharmaceutical care</b>
<b>Teacher(s):</b> Miljković R. Branislava, Vezmar Kovačević D. Sandra, Vučićević M. Katarina
<b>Course status:</b> mandatory
<b>ECTS points:</b> 6
<b>Requirements:</b> none
<b>Course aims</b> The acquisition of professional knowledge and skills of pharmacoepidemiology and pharmacoeconomics, critical appraisal of published research and evaluation of quality in pharmaceutical care.
<b>Course outcomes</b> Application of knowledge and skills in pharmacoepidemiology and pharmacoeconomics, critical appraisal of published research and evaluation of quality in pharmaceutical care.
<b>Study program: Pharmaceutical Care</b>
<b>Course title: Specialist project</b>
<b>Teacher(s):</b> Miljković R. Branislava, Vezmar Kovačević D. Sandra, Vučićević M. Katarina
<b>Course status:</b> mandatory
<b>ECTS points:</b> 6
<b>Requirements:</b> none
<b>Course aims</b> The acquisition of professional knowledge and skills for written and oral presentation of a pharmaceutical care plan, examples of case studies.
<b>Course outcomes</b>

Application of knowledge and skills in writing and oral presentation of pharmaceutical care plans, examples of case studies.

**Study program: Pharmaceutical Care**

**Course title: Implementation of pharmaceutical care in primary care. Self-medication, phytotherapy, dietetics; Pharmaceutical Care Services**

**Teacher(s):** Miljković R. Branislava, Vezmar Kovačević D. Sandra, Kovačević Nada

**Course status:** elective

**ECTS points: 18**

**Requirements:** none

**Course aims**

The acquisition of professional knowledge and skills to implement the concept of pharmaceutical care in primary care.

**Course outcomes**

Application of acquired knowledge and skills to implement pharmaceutical care in primary care.

**Study program: Pharmaceutical Care**

**Course title: Implementation of pharmaceutical care in secondary health care. Pharmaceutical care in cancer therapy, supportive and palliative therapy; Drug Lists**

**Teacher(s):** Miljković R. Branislava, Vezmar Kovačević D. Sandra, Vučićević M. Katarina

**Course status:** elective

**ECTS points: 18**

**Requirements:** none

**Course aims**

The acquisition of professional knowledge and skills to implement the concept of pharmaceutical care in secondary health care.

**Course outcomes**

Application of acquired knowledge and skills to implement pharmaceutical care in secondary health care.
